INTRODUCTION

Football NSW is committed to working with Summer Football providers in order to ensure ongoing improvement of their Summer Football programs. Part of that commitment is assisting providers with guides that detail Summer Football PlayFootball requirements.

This guide contains information on how to correctly setup PlayFootball for the 2019/20 Summer Football season. This guide will cover:

- 1) Getting Access to PlayFootball
- 2) Updating Details
- 3) Setting Up Registration Products
- 4) Registration of Players
- 5) Approving Player Registrations

Summer Football programs are defined as:

- a Football NSW Sanctioned program,
- conducted by a Football NSW affiliated club or association,
- over a maximum period of 20 weeks,
- for players 5 years and up.

Before proceeding with product set-up ensure the following has been completed:

1. **Receive approval** from Association for Summer program (if applicable)
2. **Submit an application** for the Summer Football program to **Football NSW Member Services**
3. **Receive an approval from Football NSW Member Services** and any guidelines relating to the setup of the program
4. **Receive system access to the PlayFootball System** by the association or centre responsible for the setup of the program

1 GETTING ACCESS TO PLAYFOOTBALL

PlayFootball access is granted on an individual basis. Personal login credentials are not to be shared with other people. Access for multiple users is permitted however each individual will require their own access and should complete the Online Access Request Form.

New administrators requesting Play Football Administration Access will need to SELECT the following link to complete a User Request Form. Once you have successfully submitted your request form your Member Federation or Association will create your User Access, your Access will be sent to the email address you have provided in your request form.

Please ensure the details you provide are correct as your Admin Access is granted in accordance with this information.

2 SETUP OVERVIEW

2.1 Player Registration Workflow

Football NSW encourages self-registration for all players. Self-registration allows the player/coach/volunteer to log into their own FFA Player Profile and register to your organisation. This process saves time and resources and also allows individuals to update their own personal information and manage their registrations.

For insurance purposes each player needs to individually agree to the Terms and Conditions set by Football NSW in the PlayFootball system during registration.

The players registration journey should follow this process:

1.1 Club Registration Setup Workflow

Football NSW encourages summer football clubs to set up their registration products to make the process as simple as possible for your players. Identifying the age groups for the products, and pricing as well as the decision to utilize online payments at the time of registration are all considerations when designing your summer football product sets.

2.2 Suggested Product Setup Scenarios for Clubs

Scenario 1:	Simplest Model – 2 products																		
Criteria	All juniors self-register to a junior package with a single fee All seniors self-register to a senior package with a single fee

Scenario 2:	Basic Team Model with 2 Step process – 3 products and additional questions
Criteria	<p>Team Manager registers first to a Team product where they submit their team name for approval to the club (step 1). Only one registration per team required.</p> <p>Once the Team Name has been accepted, the Administrator can add this team into a custom Team list for players to select when they register.</p> <p>The individual players may then register to a basic package (step 2)</p> <p>All juniors self-register to a junior package with a single fee and select their team from a list.</p> <p>All seniors self-register to a senior package with a single fee and select their team name from a list.</p>
PlayFootball Admin	<p>Set up 2 signup forms – one for the Team Name product, one for the Player registration products</p> <p>Set up 2 custom fields – “What is your Team Name” and “Select your team from the list”</p>

Step 2: Only players who have been advised by their manager that their team entry has been accepted into the tournament should register. As part of the on-line registration process you will be asked to provide the name of your team and the name of your team's manager. Without this information your registration will not proceed. If you are not already in a team please do not register yet.

Type	Social	Level	Social

Risks

Players who are not part of a team may end up registering to a team they do not belong to meaning the club administrator needs to manage this with the Team manager before approving the registration.

2.3 Advanced Team Registration Setup

Football NSW have identified some other advanced product setup workarounds for clubs who may want to create more complex products for registration.

Please contact Football NSW Online Services for advice and/or instructions for this any kind of advanced summer football setup.

Online Services@footballnsw.com.au ph: 02 8814 4450

2.4 With Winter Registration?

Football NSW has created governing body registration fees that include a fee discount for all players who already have a Winter registration.

The system will automatically apply this discount at the time of registration to a summer product.

The club product does not need any other special setup to cater for the Football NSW "With Winter" registration discount.

Note: In previous years clubs had to create 2 packages for a "With Winter" or "Without Winter" registration
Package 1: Juniors with a Winter registration = discounted fee,
Package 2: Juniors without a winter registration = full price fee.
– this is no longer required in the PlayFootball system)

All Summer Fees are communicated on the latest Football NSW Fee Circular for Summer Football.

2.4.1 Active Kids Vouchers

In July 2019 a second Active kids voucher number was made available by the Office Of Sport in NSW. This means in 2019 school aged children are eligible to use 2 vouchers for sport –

- Voucher 1 – January – December and
- Voucher 2 July – December

We encourage all clubs to make use of the Active Kids voucher for registration, and to keep in mind the rules that go along with this service.

There are strict rules in place by Service NSW and the Office of Sport pertaining to the use of these vouchers – particularly that both vouchers cannot be used for the same activity.

The PlayFootball system only accepts one Active Kids voucher per registration to adhere to this rule. Clubs must ensure they do not put at risk their Active Kids provider status by trying to process more than one active kids voucher for Summer Football. THIS IS STRICTLY NOT ALLOWED.

3 DETAILED PRODUCT SETUP

1. Associations to edit the Registration Type Dates for Summer Football
2. Summer clubs to create a Summer Football Sign-up form
3. Summer clubs to create a Player Product for player registrations
4. Summer clubs to publish instructions for Players on how to register

These steps outline how to set up Scenario 1. Clubs may choose to create more products based on age groups – the same steps apply for all products within PlayFootball admin.

3.1 Association Season Setup: Registration Types and Dates

To open the season for 2019-2020 Clubs require their association governing body (FNSW or Association) to setup the **Summer Player Registration Types** with the **correct season dates**.

- Summer Registration Types contain any governing body fees that will be picked up in the registration package products.
- Summer season dates control when the season is Open for registration, locked to hold registration changes and closed to end the season.

PROCESS FOR ASSOCIATIONS:

1. In PlayFootball select **Registration menu > Registration Types**
2. Edit the **"2. Summer Player Junior"** registration type by clicking on the pencil

3.2 Club Signup Form Set Up for Summer Football Players

The simplest setup for a club is to create a single product to be used for Junior players and senior players. For more complex package setup contact FNSW Online Support for workaround suggestions.

Advantages of a single product model:

- This allows no confusion for players when selecting a summer product
- Player numbers can be viewed in a single product, and access to registered players is via a single product
- Fewer products to manager by an administrator

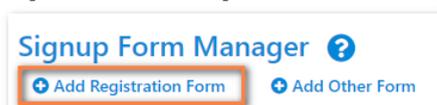

Disadvantages of a single product model:

- Club administrator needs to sort a pool of players into individual teams without supporting information
- Supports only a single price for the entire age range

Clubs have the option to create multiple packages depending on how you want to sort the player registrations ie a single "Junior Player" product can be used for all junior players aged 5-17yrs or multiple packages can be created per age grouping "Junior 5-11" "Junior 12-15" "Junior 16-17" etc

PROCESS FOR CLUB:

1. In PlayFootball Admin select the [REGISTRATION] menu and then [Signup Form Management].

Click on [+ Add Signup Form]

2. Enter the following details in the Signup Form:

Title:	Summer Football Junior Player Registration Form
Welcome Message:	As required – Make a note about Active Kids Vouchers – See below

Enable Wait Listing:	Blank. Only use with Max Number purchases limit to allow players to register their interest in the program.

3. Save the form and check the set-up criteria is correctly displayed in [Product Management]

3.4 Publish Instructions For Players On How To Register

Once all of your products have been created it is recommended that a guide be produced for your players to step them through the registration process. Instructions should guide players through the following (at a minimum):

- Steps a player needs to do before registering – Photo, team name, Active kids voucher, Player Portal
- Active kids Voucher information and how to apply it to registrations
- How to register to your club – shortcut link to your registration welcome page

Click on "Start my Registration"

On the welcome page click on "Get Started"

Click on "I already have a Football Account"

Then sign in using the same Email address and Password you used to register for the winter comp.

Follow the prompts and select the desired Age-Group Product.

If you DID NOT play in the recent 2019 winter competition,

To register you must first create an account with PlayFootball via FFA.com.au "My Account"

Parents should use their your own e-mail address (account) to register their children.

Multiple children in the same family can then be registered by a parent on the same account.

After accepting the terms and conditions click on register.
